The secret of keeping young is to feel young-to do this you must watch your liver and bowels-there's no need of having a sallow complexion—dark rings under your eyes—pimples—a billious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes

from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable com-pound mixed with olive oil to act on the liver and bowels, which he gave to

his patients for years.
Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which al should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

THE INVISIBLE BIFOCALS

The great advantage of our bifocal glasses is that it is a return to the eye of youth. They serve every purpose of seeing—just as perfect for distance as for close vision. You do not have to rumove them or strain the muscles-to look up from close work. They are ground to meet the NATURAL eye conditions as in they do them, because no matter what you want to see, whether a "mile away" or a "foot near," the vision is just as perfect as the "vision of childhood."

Neither are there any cracks, seams or dividing lines, just a neat smooth lens with both near and distant vision. Ground in a solid piece of glass.

The business or professional man, the person who uses reading glasses a good deal of the time and is subject to the annoyances of removing them a thousand times each day, will appreciate the convenience and benefit of our Kryptok Invisible Bifocal Glasses. Do not buy glasses from people who go from house to house or town to town. The "eyes you have" are the "only ones" you "ever will have," so guard them carefully.
